SCHOOLS OF CHOICE PROGRAM
2013-2014

The Genesee School District welcomes all applicants for the Schools of Choice program. This choice program provides an opportunity for students who do not live in the school district to join our school community. The program is open to Kindergarten-12th grade students.

Our school district is the right choice for your family.Â Genesee is a small school, small town environment where students and families can receive individual support and develop long-term relationships with school staff.Â We have strong parent and community support in classrooms and programs. The Wolf Pact Behavior Matrix and our Be Safe, Be Responsible, Be Respectful program provide guidelines for student expectations. Students have the opportunity to participate in multiple extra-curricular activities with our 37 sport teams and clubs. Many of our graduates go on to college. We are constantly updating our academic program.Â The elementary students receive music and physical education.Â Along with free breakfast every day, we offer tuition free before and after school programs at Haas Elementary.Â Our award winning music program is one of the best in the State.
