GENESEE SCHOOL DISTRICT – STUDENTS – TRANSPORTATION

POLICY 712

Beginning July 1, 1999, students are to be picked up from the same location each day. Following school, students who use school transportation are to be dropped off at the same location each day. The address where the student is picked up and dropped off need not necessarily be the same. Example: a student may be picked up at the same address each morning and dropped off at a different address after school; but these addresses may not vary.

A request for a variance in this policy must be requested in writing at least a week in advance and must be for at least a one-week period. The request forms are available in the superintendent's office and may be picked up during normal business hours.
